Humane Society

2024

**END OF YEAR
REPORT**

In 2024, GHHS celebrated 55 Years of Advocacy, Achievement & Appreciation.

We were able to advocate for more than

1,500 animals!

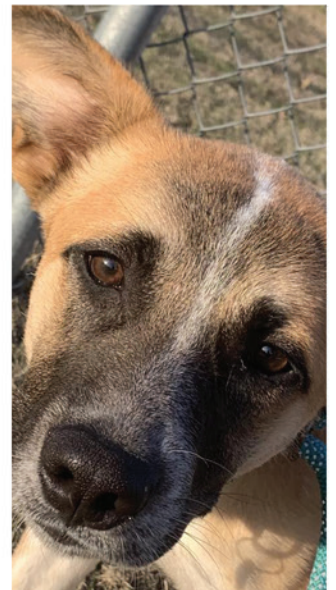

Due to our dedicated team of staff and volunteers, community partners, supporters and donors, we were able to expand the reach of our life-saving mission further than ever before! Working closely with neighboring county shelters and national advocacies, we collaborated on community resource efforts, marketing strategies, and medical need cases. We are honored to be a voice alongside so many advocates.

593 pets

found their FURever homes, families, and BFFs

Our Mission

To use rescue, training, adoption, education, and advocacy to ensure the humane treatment and welfare of all animals.

We provided 57,533 pounds of food to over 350 families through King's Kitchen.

More than a dozen animal advocacies, agencies, and local organizations were provided pick-up opportunities and deliveries!

Supported by Cadence Bank, Evolve Pet Food, community partnerships, and fellow animal advocates!

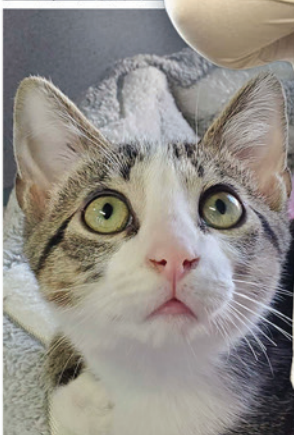

Monte's Wellness Clinic

Provided by:  SOUTH HUNTSVILLE
VETERINARY HOSPITAL

In June, GHHS in partnership with South Huntsville Veterinary Hospital launched the Monte's Wellness Clinic, a low-cost routine care program for our area residents. Over the course of the first seven months, Monte's clinic provided vaccines, microchips, preventatives and heartworm tests to 110 pets, from 77 households.

These efforts were provided by an anonymous donor, Monte's owner, that helped finance the first six months of efforts.

In addition, GHHS provided 131 spay and neuter procedures and 52 emergency medical vouchers to community-owned pets through our Good Samaritan Fund—investing a total of \$20,504.63 to support our neighbors and community owned pets.

On March 8, GHHS held the ribbon cutting for the

The Haven first in the Southeast region of the United States. We have welcomed and adopted our several guests. Without Mr. Ronnie Hornbuckle's legacy gift, this effort would not have been possible. We are honored to continue his passion for animals through The Haven.

A special thank you to The Haven room and suite sponsors:

In 2024, GHHS spent \$96,896 in veterinarian care, in addition to \$52,227 in shelter medical supplies.

The GHHS Thrift Store

THREE TAILS RESALE

Our thrift store which serves as a main support system for fundraising had a record-breaking year, providing GHHS with three months' worth of operating funds through the sales of 124,163 merchandised items.

The reach of the store grew past sustainable shopping and into the community working with local businesses, setting up at holiday markets, and creating partnerships with other nonprofits through pay-it-forward programs!

Meet Crosswind

A medical foster that spent his days prior to adoption at 3TR being socialized and overseeing quality control at the GHHS Thrift Store.

We are a private 501(c)3 financially supported by generous private donors, grants, and local partnerships.
